

A Little Help from My Friends

The Progressive Mystery Quilt

Supply List

You will receive a completely precut fabric kit and instructions.

Irons, sewing machines and thread are provided in class. Do not bring your own iron. You will not be allowed to use it – a show rule that will not be ignored.

The only thing you need to bring is a seam ripper. It may be helpful to have a few pins and some small scissors or snips to clip threads, too.

You can pack your class supplies in your pocket and still have room for lunch money and a credit card for shopping at the show!

Now, that was easy.
