

Perfect & Painless Pine Trees

Supply List

You have purchased a kit with all the fabric you need for the class. In addition, you must bring the following supplies.

Rotary cutter, mat, and rulers

- ❖ The cutter should be 45mm or 60mm. I prefer the 45mm.
- ❖ Bring a mat that is 18" x 24" or 12" x 18". The larger mat is recommended. Some 12" x 18" mats are really only 17½" long and will be a challenge to work on.
- ❖ You will need the following rulers during class:
 - 24" long (no shorter!) ruler that is between 6" and 8½" wide, and it must have a 45° marking on at least one end
 - small square ruler any size between 2½" and 4½" square, and it must have a diagonal line from one corner to the opposite corner

Seam ripper

Thread snips or small scissors for clipping threads

Pins

Small trash bag
